THE TOUGH APPROACH TO SHOWER AND BATH CLEANING:

The base of Foamy Q & A's formula is an acid system – phosphoric and hydroxyacetic. These ingredients plus a special penetrating agent create a cleaning complex that foams and clings to vertical surfaces – literally cuts through and lifts away rust, lime, scale, body oils, mineral and soap scum deposits!

Foamy Q & A is a hospital grade, one step cleaner and disinfectant. Simply foam on, agitate especially when heavier soap scum or soil deposits are present and rinse away.

KILLS GERMS IN FIVE MINUTES! :

Effective against the following Bacteria:

- Staphylococcus aureus
- Pseudomonas aeruginosa
- Salmonella enterica

Effective against the following Antibiotic-Resistant Bacteria:

- Vancomycin resistant Enterococcus faecalis (VRE)
- Methicillin resistant Staphylococcus aureus (MRSA)

Effective against the following Viruses:

- HIV-1 (AIDS Virus)
- Herpes simplex Type 2
- Influenza A2/Hong Kong viruses
- Pandemic 2009 H1N1 influenza A virus

AREAS FOR USE:

Foamy Q & A can be used on a wide range of acid-resistant surfaces such as ceramic tile walls and floors, Fibreglas® shower stalls, sinks, toilet bowls, urinals, chrome, drinking fountains and other stainless steel surfaces. It works great in schools, hotels, hospitals or

any other commercial, industrial and institutional facility where a clean and sanitary environment is important. Suitable for the Bloodborne Pathogen Standard.

APPLICATIONS:

Use Foamy Q & A for these other applications:

- **For five-minute disinfectant activity against **bacteria and *viruses in the presence of organic soil.** Spray directly on soiled surface and allow foam to wet surface for five minutes. Wipe off with a damp cloth or sponge. Rinse surfaces thoroughly with water.

Preliminary cleaning is required for heavily soiled areas. Extremely heavy soils may require agitation with a mild scrubbing pad or brush.

- **For fast cleaning of large areas such as shower room walls and floors.** Foamy Q & A may be applied at various dilutions through a foam gun.

See product label for complete directions for use and more applications.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

SPECIFICATIONS:

pH (Concentrate)– less than 2
 Solvents – Butoxyethanol
 Color – Red
