## Carpet Solutions

# RINSE & NEUTRALIZER

A specially formulated product with Advanced Gemini Surfactant Technology, used to rinse the carpet after extraction cleaning, shampooing, or bonnet buffing. This necessary step will remove any residual remaining in the carpet fibers and will further rinse on the acid side to prevent the carpet from oxidizing (turning brown), leaving a pleasant scent. Excellent for coffee, tea, and light rust stains. Safe on all synthetic carpet fibers. Does not contain any optical brighteners. The new Gemini Surfactant technology delivers a product that neutralizes harsh alkali residues from previous cleanings, removes detergent residues from the fibers and gives the dry carpet a fresh clean feel.

This Carpet & Rug Institute tested and certified cleaner effectively removes soil without any damage to the carpet. The CRI Seal of Approval is awarded to carpet cleaning products that pass stringent tests administered by an independent, accredited institute.

**Certified Carpet & Upholstery Care Product CCD-148**

### ENVIRONMENTALLY RESPONSIBLE COMPARISON

Traditional Products	Majestic
Phosphoric Acid	None
Nonylphenol ethoxylates	None
	Citric Acid
	Biodegradable surfactant*
	Sodium Octane Sulfonate
pH 1 - 4	pH 4 - 5

#### Traditional Compound Descriptions:

Phosphoric Acid – a relatively strong acid used to remove mineral deposits and soap scum.

It is irritating to human skin. Phosphates are plant nutrients that promote algae blooms.

Nonylphenol ethoxylates – a non-ionic surfactant that is used to provide wetting and detergency. It is derived from a petroleum-based product. It has a suspected harmful biodegradable intermediate.

#### Majestic Compound Descriptions:

Citric Acid - It is used to remove mineral deposits and soap scum. Minimally corrosive to metal and grout.

Sodium Octane Sulfonate – listed as a surfactant having a Positive Environmental Profile surfactant EPA's Design for the Environment Formulator Initiative. A completely biodegradable surfactant that provides wetting and detergency.
