Quarry Tile
Azulejo de la mina

Concrete
Hormigón

Tile and Grout
Azulejo y la lechada

DESCRIPTION

This product is a special blend of mild organic acids coupled with powerful penetrants designed to remove slippery grease and soapy build-up from quarry tile and concrete floors. It deep cleans by penetrating and re-opening the pores of the floor. When used properly, this product can help prevent slipping while promoting cleanliness in kitchens, meat-rooms, delis, cafeterias, and anywhere else greasy soiled floors may be a problem. Can be used on quarry tile, concrete, glazed tile, resilient tile and vinyl floors. It will penetrate, clean and brighten tile grouting. **DO NOT** let product stand on polished marble, wood, aluminum, nylon carpet or painted surfaces. If uncertain, test in a small inconspicuous area before using.

***Hazardous Material
according to D.O.T.**
