

FAST & EASY[®]

HARD SURFACE AND GLASS CLEANER

PRODUCT DESCRIPTION:

FAST & EASY is a 21st century hard surface and glass cleaner. It's formulated to meet the health, safety and performance expectations of today's housekeeping personnel. A ready-to-use product, FAST & EASY is bright yellow in color and has a new, pleasant, light floral fragrance.

FAST AND EFFICIENT PERFORMANCE:

Formulated with the very best surfactants and detergents available, FAST & EASY contains performance-specific ingredients that address individual cleaning requirements. Several ingredients are blended to quickly remove every day soils and even tougher soil build-ups. One ingredient helps to emulsify and remove oily soils such as grease marks, fingerprints and smoke residue. Others reduce the possibility of streaking, and speed up dry time.

VERSATILE AND EASY TO USE:

FAST & EASY is safe to use on nearly every washable surface: windows, mirrors, display cases, salad bar guards, crystal, Formica[®] counter tops, table tops, plastic laminated surfaces, chrome, brass, stainless steel and painted surfaces not harmed by water. Ready-to-use. Simply spray and wipe off! Cleaning is truly fast & easy!

VOC COMPLIANT:

Indoor air quality and the potential negative effects of high levels of VOCs (Volatile Organic Compounds) on worker, occupant and general public health are primary concerns for those who own and maintain buildings of any sort or size. The generally accepted benchmark for VOCs is 4%. FAST & EASY'S VOC content is only 2%, a substantial benefit!

NON-FLAMMABLE:

FAST & EASY will not flash or flame. This is an important benefit since many glass cleaners are flammable and require special shipping and storage. FAST & EASY does not.

PLEASANT TO USE:

New, light, floral fragrance! No harsh ammonia or butyl odor.

OUTPERFORMS THE COMPETITION:

Spartan's FAST & EASY is one of the very best glass and hard surface cleaners on the market today. The chart below illustrates how FAST & EASY surpasses a typical glass and hard surface cleaner in the areas of cleaning, streaking and smearing.
